By Vincent Chang南湖國小四年級

Once upon the time, there was a lazy man at the forest. He lost in the forest because he saw an Alien. He ran as fast as he could to get away from the Alien. He heard a wolf was howling. He saw a blood box and there were lots of blood. A ghost told the boy that he'll eat him and it disappeared. The boy ran into the care. There were a lot of bats in the care and a big big bear. He was very scared because a snake was behind him. He saw a house and pushed the door and ran into the door. So he ran upstairs. He saw a skeleton. The skeleton was alive.
