

# The Blood on The 3<sup>rd</sup> Floor

By Zoe Hua南湖國小四年級

Once upon the time, there was a school. The floor is made of wood, on the third floor there was class of 6<sup>th</sup> graders. There were 2 girls called Zoe and Janine, they were studying Math. At that time, it was already 12:00 pm, so they took a nap. But, at the back seats, Zoe and Janine heard the “Ti Ti Da Da” sound, but they were too tired, so they didn’t see what it was. They continued sleeping. But, they couldn’t fall asleep because of the “Ti Ti Da Da” sound. Zoe and Janine turned back but there was nothing at the back. They went to the back, and they saw blood. They didn’t take it seriously and went back to bed. They told everyone, but they didn’t believe Zoe and Janine. The second day they went back, it was ketchup.
