

The Dead Girl

By Daniel Tseng 南湖國小五年級

A long time ago, there were a boy and girl, they were arguing with each other. The girl was very angry, so she jumped down from the apartment building, and she died. Before she died, she told the boy, "I will come back by ghost next year." The boy felt frightened, so he went to find the people who could tell him everything, and the man told him, "Just hide and don't let her find you." The boy said thank you to the man, and he went home. When that day came, the boy remembered what the man said, so he found a place and hid in.

When it was night time, the boy heard a sound "Oooo..., where are you, I'm coming!" And the boy felt frightened. He heard the door opened and closed, and the bathroom door opened, and he heard the sound again, "Oooo..., not here, where are you?" It was

very scary. He heard the shelf was opened, and he heard it again, "Oooo..., not here,

where are you?" The boy felt very very scared, and the ghost found him. The ghost put her head upside down, and she found him under the bed!
