A beautiful 9 years old girl, Lezzy , got this adorable China doll for his birthday. She called her Jack. One day Lezzy was playing with her doll until her mom called her for bed. Lezzy put the doll in the basement and went up to bed.

In the middle of the night she heard weird noises. Then she heard China doll , China doll in the basement, China doll, China doll on the stairs, China doll China doll in your parents room, now they're dead.” Lezzy fell back into a troubled sleep.

In the morning she raced to her parents' room and they were dead. She cried as her brother planned the funeral, Lezzy did not play with Jack that day. She went up to bed early and felt asleep.

In the middle of the night. She heard the chanting again. China doll , China doll in the basement, China doll, China doll on the stairs, China doll China doll in your parents room, China doll China doll in your brothers room now he's dead.” Lezzy shivered and fell into another troubling sleep.

In the morning she went to her brother's room, he was dead. She spent the day in her room and wouldn't come out.

Night fell again and she went to sleep. She heard the chanting again, China doll ,China doll in the basement, China doll, China doll on the stairs, China doll in your parents room, China doll in your brothers room, China doll in your room.” She gazed up to see the doll, “ Now, you're ...dead!”

The police found her next day with no sign of the murderer. All they heard was chuckling in the distance. The chuckle of a brown haired, brown eyed China doll, on the hunt for her next victims.
